# WHY CHOOSE US

## HERITAGE

A brand you can trust with over 48 years of operations in the United Kingdom across a variety of applications.

01

02

## EXPERTISE

Our team of committed and highly skilled engineers and craftsmen are the best in the business.

## GROWTH

Growth and advancements with world-class technology offered to clients across the globe with their products.

03

04

## QUALITY

Quality our clients can trust with worldwide customer support.

# DOOR TRAINER DIGEST

## VISUAL TECHNOLOGY

With the use of SEPTRE, LCD and Virtual Slide Trainer technology, EDM's Door Trainer can simulate in-flight surroundings.

## CONTROL SYSTEM

Our door trainers use an on-board control system which truly parallels those used on commercial airlines.

## SUPERIOR QUALITY

Our A220 Door Trainers are designed using official OEM data from the airlines themselves, which ensures authenticity and familiarisation when cabin staff interact with these trainers.

## INCEPTION

EDM's first A220 Door Trainer (C-Series) was manufactured and delivered in 2017.

# After-Sales Service

EDM has improved its after-sales service over the years to better response times and overall completion of enquiries.

1

Average support department response time

<24Hrs

2

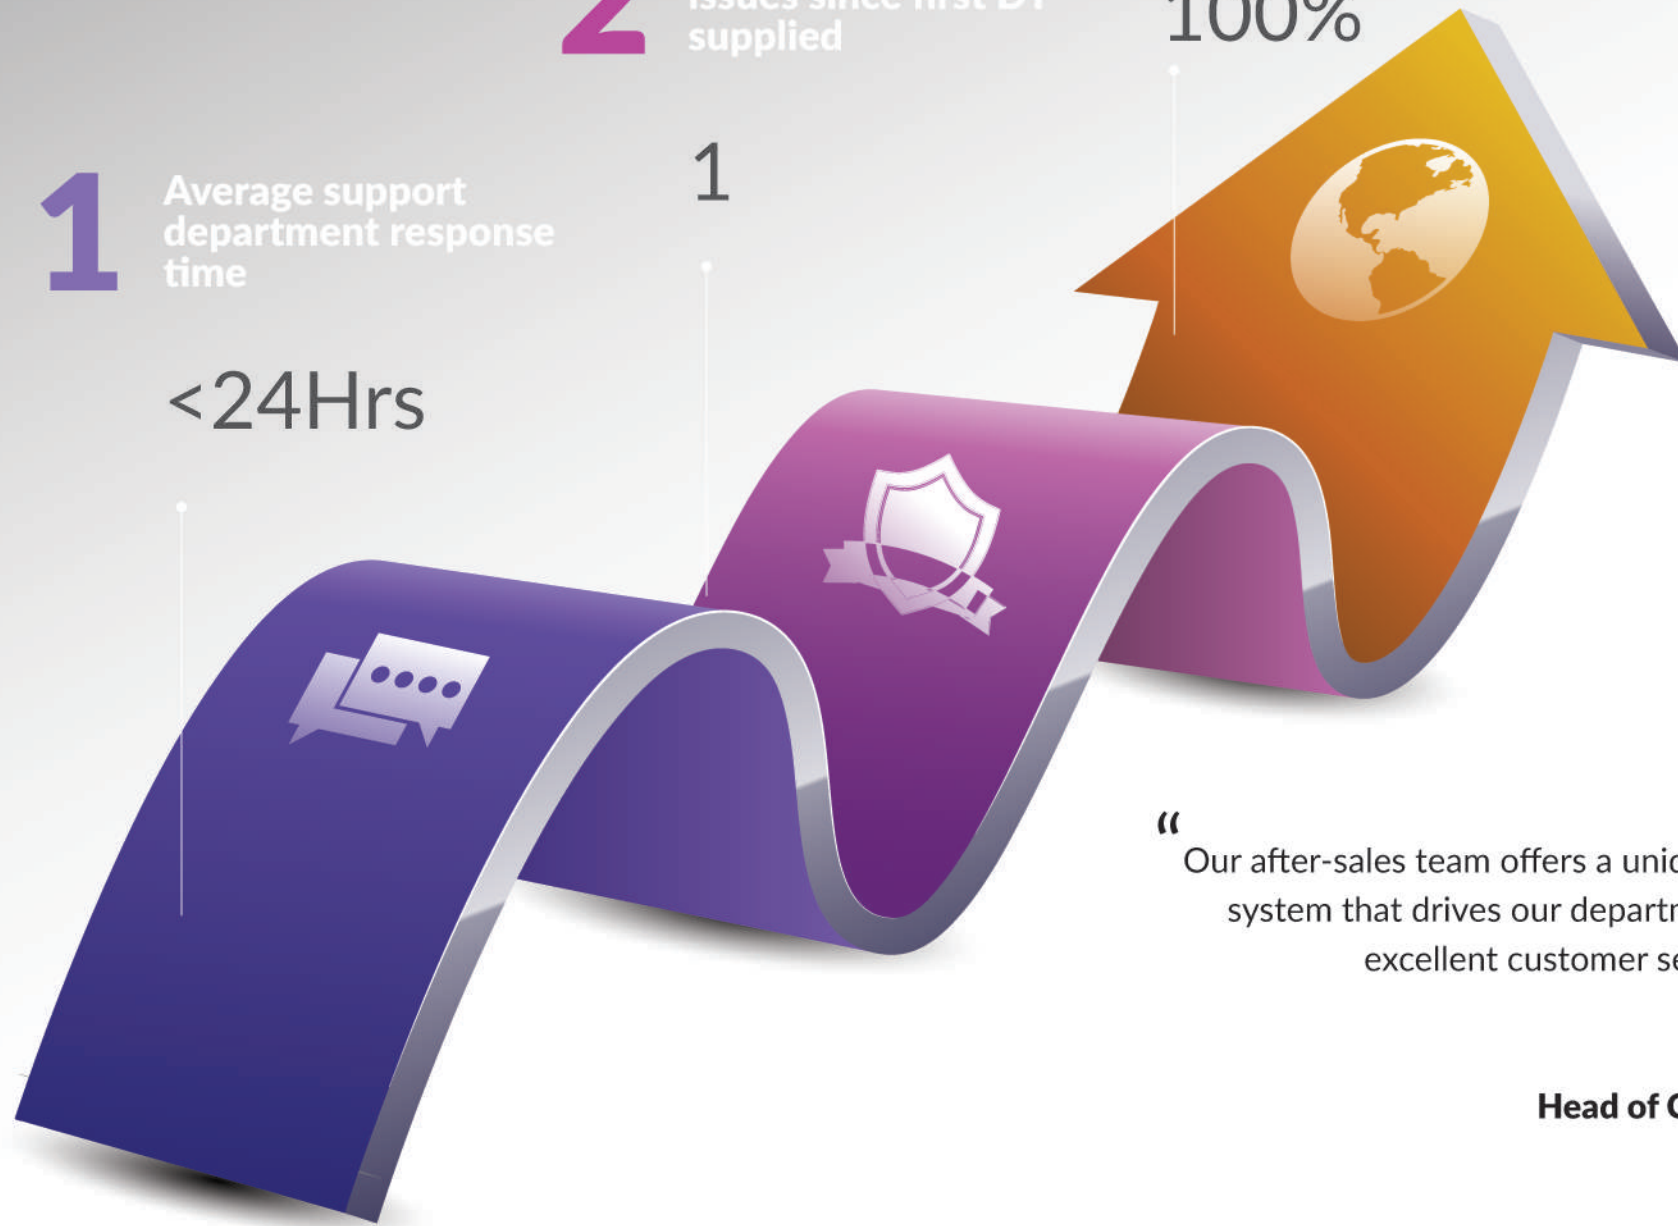

Number of warranty issues since first DT supplied

1

3
