GROWTH

Growth and advancements with world-class technology offered to clients across the globe with their products.

03

04

QUALITY

Quality our clients can trust with worldwide customer support.

A350 DOOR TRAINER DIGEST

VISUAL TECHNOLOGY

With the use of Septre, LCD and virtual slide trainer technology, EDM's door trainer can simulate in-flight surroundings.

CONTROL SYSTEM

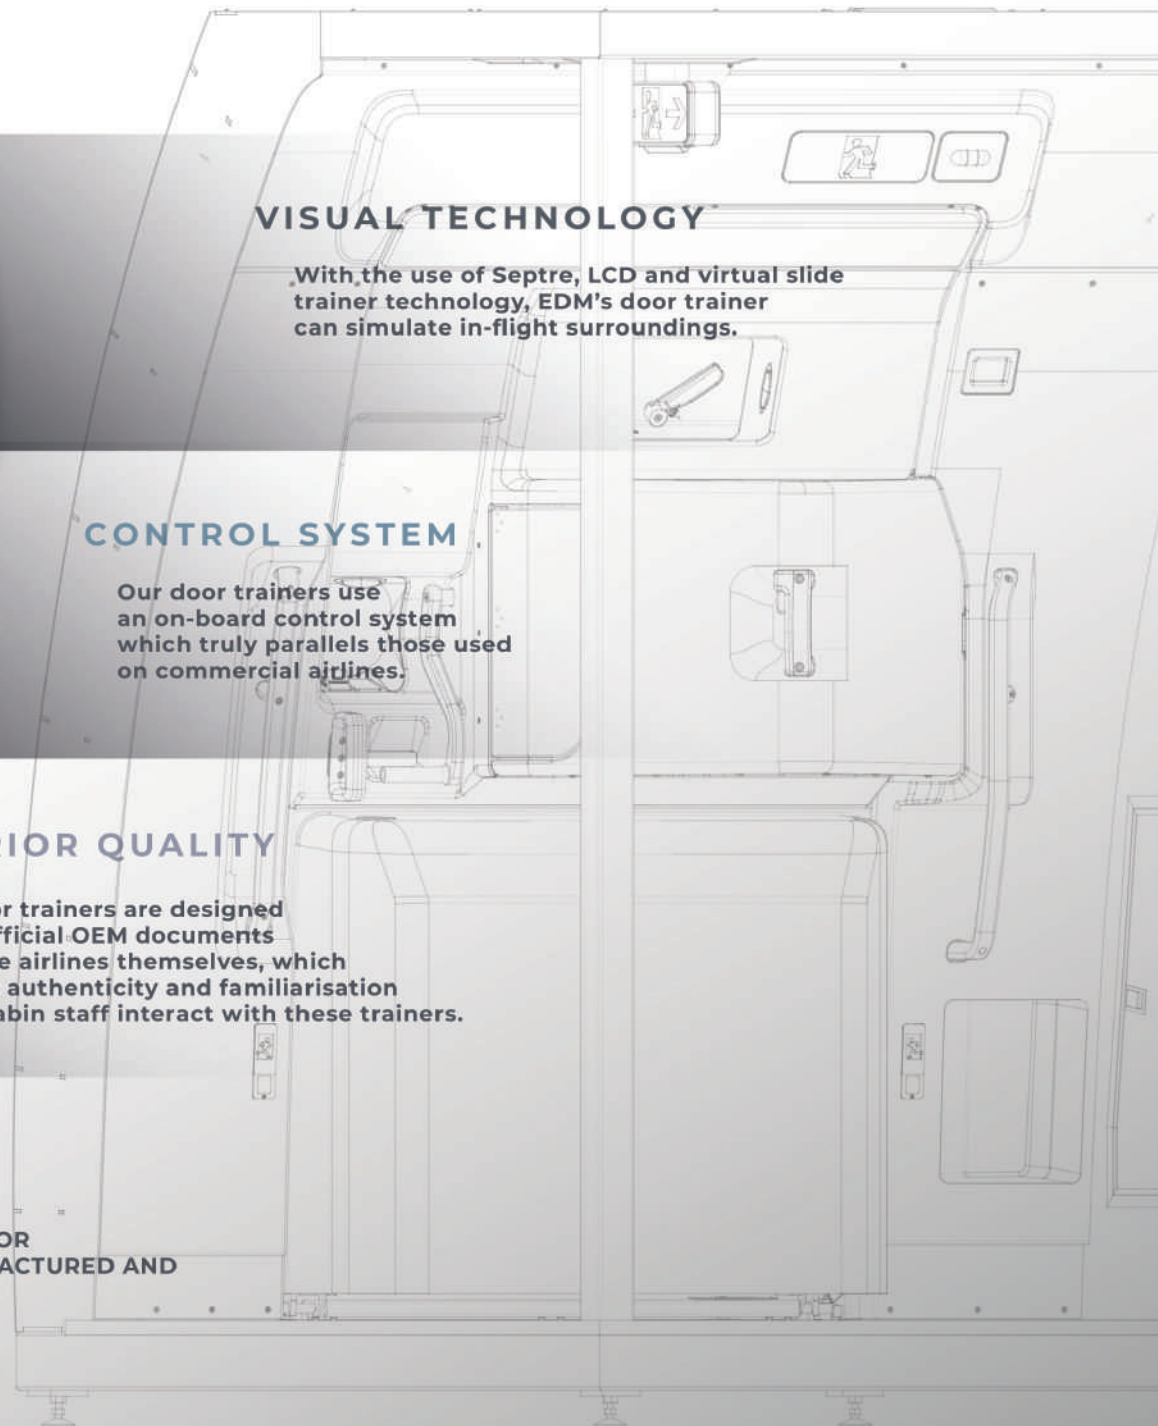

Our door trainers use an on-board control system which truly parallels those used on commercial airlines.

SUPERIOR QUALITY

Our door trainers are designed using official OEM documents from the airlines themselves, which ensures authenticity and familiarisation when cabin staff interact with these trainers.

INCEPTION

EDM'S FIRST A350 DOOR TRAINER WAS MANUFACTURED AND DELIVERED IN 2015.

After-Sales Service

EDM has improved its after-sales service over the years to better response times and overall completion of enquiries.

1
